

Keeping you Safe  
on transport  
through Covid-  
19

# Symptoms of Coronavirus (COVID-19)

Know the symptoms of COVID-19, which can include the following:

Symptoms can range from mild to severe illness, and appear 2-14 days after you are exposed to the virus that causes COVID-19.

Seek medical care immediately if someone has emergency warning signs of COVID-19.

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

Please DO NOT place anyone on transport who is suffering from any symptoms of COVID -19

## Personal Protective Equipment

All staff have been issued PPE as shown below we also where possible have installed protective screens for our drivers

—

Please wash or  
sanitise your  
hands before  
entering our  
vehicle

---

Please wear a  
face covering  
where possible

—

Windows will  
be open where  
possible for all  
journeys

---

Vehicles will be  
sanitised  
between runs

---

Please do not bring items onto the vehicle that can be shared around, These will need to be kept in bags that are placed into the boot during transport

---

Harnesses and  
car seats need to  
be fitted by  
parents at pick  
up

---

We will keep as much distance as possible, while also trying to keep to school bubbles.

**There are NO** distancing guidelines from September for schools, however we will keep these where possible on transport.

**KEEP SAFE  
DISTANCE**

# Keeping us and others safe

## Passengers showing any symptoms of covid-19

- If a passenger shows any signs prior to boarding – we will refuse transport until a negative test or 14 day isolation is completed
- Once travel commences we will not be able to provide transport back home until a negative test or 14 day isolation is completed

Please  
help us -  
to  
help you

*Stay Safe*
